Design of the User Experience Minor

Students must take 5 courses (15 credits) that are not core courses within their existing major.

In order for students to declare this minor they must have completed their computing GER.

This minor is not intended for students majoring in BS IS, BS BIS, BS HCI, and BS WIS.

This minor is not intended for students in the IT major specializing in Web Applications. Additionally, it is not intended for IT students who create their own specialization and utilize Design of the User Experience Minor courses in that specialization.

No course can be counted both for the Design of the User Experience Minor and any IT specialization.
